

SCALE UP
PROPRIETARY TRADING

Namaste,

March has been a month of momentum, diversification, and joyful celebrations at Scale Up.

As we continue to expand across geographies and asset classes, it's equally fulfilling to grow together as a team and celebrate the moments that matter.

Warm Regards,

Saumil Surendra Parikh
Founder, Scale Up

Expanding Global Investments

This month, we strengthened our global portfolio by investing in leading companies in the UAE such as Emaar and Dubai Investments, while also exploring opportunities in Latin America.

We further diversified into commodities like Uranium and initiated trading in the Japanese Index. Our non-US investment strategy is being actively led by our team member Mayank, driving expansion beyond traditional markets.

Birthday Celebrations

March brought a special milestone as we celebrated Vyom's first birthday, our youngest team member and the son of Saumil and Malvika, along with our monthly cake cutting for team members.

The celebration was filled with warmth, snacks, and shared joy, making it a truly memorable day for everyone at Scale Up.

HOLI Celebrations

The festival of colors brought the team together for a fun-filled Holi celebration with games, activities, and of course, vibrant colors all around. It was a day full of laughter, bonding, and festive energy.

#QuoteOfTheMonth

"Without a sense of urgency, desire loses its value."

That's all for March!
